### About Tactical

Tactical Energy was founded with the goal of providing exceptional electrical solutions to homes and businesses in our community. With years of experience in the industry, we have honed our skills and knowledge to deliver the highest level of service possible.

We take pride in our workmanship and our commitment to safety, quality, and customer satisfaction. Our team is equipped with state-of-the-art tools and equipment, and we stay up-to-date with the latest trends and technologies in the industry to provide the best possible service to our clients.

From simple repairs to complex installations, we can handle any electrical job with professionalism and expertise. Our services include electrical wiring, lighting installations, electrical panel upgrades, electrical inspections, and more.

We understand that each client's needs are unique. That's why we take the time to listen to our clients and provide personalized solutions that meet their specific requirements. Our focus on customer satisfaction has earned us a reputation as a trusted and reliable electrical contractor in our community.

We are fully licensed and insured, and we follow all safety regulations and codes to ensure that our clients and our team are protected. We take pride in our work and strive to exceed our clients' expectations with every project.

Our head electrician Damo, is a proud advocate for a zero carbon footprint and loves helping the Earth with renewable energy.

**DAMO**  
ELECTRICIAN

Hi, I'm Damo, your typical Aussie trade. I have over 15 years of experience in the electrical industry from solar designer and installer and electrical engineering. I have a passion for all things electrical and take great pride in my work. I believe in building strong relationships with my clients based on trust, honesty, and transparency. I take the time to listen to your concerns, answer your questions, and provide you with the best possible solutions that fit your needs and budget.
